- Fully wireless installation.
- No setting required.
- Permanent monitoring of radio communication.
- Low battery monitoring.

Applications

- Construction sites.
- Temporary sites.

Associated products

- Wireless smoke detector (AWSD4080).
- Wireless heat detector (AWHD4080).
- Silence fire alarm unit (AWRA4080).
- FlashTag (AFLT0001).
- Vision 4 software (ALST4080).

Example situation

Wireless fire alarm unit

Technical characteristics

Part number	AATR4081
Recognition of alarms connected in the network	Automatic
Radio communication monitoring	Permanent
Radio signal strength monitoring	Yes
Low battery monitoring	Yes
Manual callpoint	Resettable, with hinged cover
Flashing indicator light	Integrated with 4 LEDs, 6 candelas
Evacuation signal	Sound + Flash
Tone*	English
Repeater function	Integrated
Maximum range	100 m
Frequency band	868 MHz
Number of alarms in the network	256 max.
Fitting	Surface fitted
Power supply	2 x 1.5 V LR14 alkaline batteries, supplied (ref. APIA1514)
Autonomy	1 year standby mode + 1 h alarm sounding
Materials	ABS
Weight	700 g
Dimensions	W.180 x H.275 x D .55 mm

*Other tones available on request.
