FGFE2703

FGFE1703

- Ecological flame generator.
- Eco-design:
  very low electricity consumption.
- Smartway compatible.

Cordia   **Wireless**   **Eco-friendly**   **it** Smartway   Smartway compatible

Satellit is a range of revolutionary fire generators incorporating all the best technologies.
Radio remote control, automatic gas cut-off, very robust materials and very long life - it's all included.

Furthermore, it is Smartway compatible. Which means it can be controlled from the training tablet. Extremely practical if you conduct sessions using several training devices.

Applications

Fire fighting training in industry and the tertiary sector.

Télécommande bouton unique

Associated products

- Modules (compatible modules can be consulted in the user guide).
- Training tablet (FTAF0001).
- Heat-proof gloves (IGAC0001).
- Serfeu (FSER0080).

Patent filed.
Satellit is a registered trademark.

FGFE2703

Technical characteristics

Model	With water
Control	Two-way radio 433 MHz
Communication protocol	Smartway
Solenoid valve	3/8''
Tray material	Stainless steel
Gas pipe material	Stainless steel
Electric box battery	3 alkaline batteries D size 1.5 V, APIA1520
Remote control battery	1 alkaline battery AA size 1.5 V, APIA1506

Part number	FGFE1703	FGFE2703
Size	Large	Compact
Gas supply	Propane 13/35 kg with/without flow regulator	Propane 6/13 kg with/without flow regulator
Recommended exinguishing agents	Water / CO2	Water / CO2
Compatible modules	2	8
Weight	20 kg	12 kg
Dimensions	W.1050 x H.220 x D.800 mm	W.550 x H.220 x D.500 mm
